

# November Nexus

"The expert in anything was once a beginner." —Helen Hayes

Exploring, learning, and growing together—one day, one lesson, and one success at a time!

*Learning is never done without errors and defeat*

## Connection of Discipline and Determination

November brings with it a spirit of balance — a bridge between the year's efforts and the goals yet to be achieved. This month's theme, "November Nexus: Connection of Discipline and Determination," beautifully reminds us that success is never accidental. It is born from the steady rhythm of discipline and the unwavering force of determination.

Just as discipline gives direction to our dreams, determination fuels the journey till the end. Together, they form the perfect nexus — a powerful bond that transforms aspirations into achievements.

May this edition inspire every reader to embrace discipline as a daily habit and determination as a lifelong companion.

## From The Desk of Principal

Discipline and determination are deeply interconnected. Only a disciplined person can truly attain determination. Discipline is self-control over our outer world, while determination is self-control over our inner world. Discipline shapes our habits, whereas determination shapes our thoughts. Discipline helps us develop determination, and a disciplined person naturally becomes determined to achieve his or her goals. We must have certain rules to follow in life; by following these rules and maintaining self-discipline, we build the very foundation of determination.

Discipline and determination are the two wings that help us fly to the heights we dream of reaching.

## MOTIVATIONAL QUOTES

"The beautiful thing about learning is that no one can take it away from you." —B.B. King

"A person who never made a mistake never tried anything new." —Albert Einstein

"Teachers can open the door, but you must enter it yourself." —

## Classroom Moments

## Children's Day Celebration - 2025

Children's Day was celebrated with joy and enthusiasm at Gurukul. Students arrived in the morning, marked their attendance in the classrooms, removed their footwear, and proceeded to the assembly hall. They were warmly welcomed at the Block A channel gate and assembled in proper alignment for the day's proceedings.

The morning assembly included the Command, Thought, Quiz, and Hindu Panchang, followed by the Birthday Celebration, Gurukul Geet, and the National Anthem, setting a disciplined and positive tone.

The main cultural program opened with the Lamp Lighting Ceremony by Class 12 students. A serene Satsang created a peaceful atmosphere. This was followed by a Song Presentation, an engaging Drama, and an energetic Dance Performance, showcasing students' talents and creativity.

After the cultural events, lunch and games were organised in multiple shifts. Classes PP to 5 enjoyed lunch first and then participated in fun games, while Classes 6 to 8 and 9 to 12 moved to their designated play areas. Subsequent groups followed in an organised manner to ensure smooth coordination.

The celebration ended with happy smiles and joyful memories, making Children's Day a delightful and memorable experience for all students.

# Spell Bee Competition Report

The English Department organized an engaging Inter-Sadan Spell Bee Competition for students of Classes 3 to 12. The event aimed to strengthen vocabulary, boost confidence, and promote healthy competition among students. Participants from all sadans showcased excellent spelling skills and enthusiasm throughout the rounds.

In the **Classes 9 to 12 category**, Vyas Sadan secured the First Position, followed by Panini Sadan in Second Position, while Vashishth Sadan achieved the Third Position.

In the **Classes 3 to 5 category**, Vyas Sadan stood First, Panini Sadan stood Second, and Patanjali Sadan secured the Third Position.

In the **Classes 6 to 8 category**, Vyas Sadan bagged the First Position, Panini Sadan earned the Second Position, and Patanjali Sadan obtained the Third Position.

The competition concluded with applause and appreciation for all participants for their dedication, confidence, and remarkable spellings. The English Department encouraged students to continue building strong language skills.

## SHOW AND TELL COMPETITION

**DATE: 21 NOVEMBER 2025**

The English Department organised an engaging Show and Tell Competition for the junior classes today. The event aimed to enhance students' confidence, creativity, and communication skills. Young participants enthusiastically presented their favourite objects and spoke confidently on stage.

### Results - Class I & II:

First Position: Naksh Kushvaha

Second Position: Nikunj Sharma

Third Position: Urvi K. Chaudhari

### Results - Pre-Primary:

First Position: Ruchika Tawde

Second Position: Daivik Patel

Third Position: Adarsh Dhaakad

The competition concluded with applause and appreciation for all participants, who performed with great enthusiasm and charm.

## Alumni Speaks

**Ayush Kumar**

**Session 2019-20 class X Cbse topper 97%**

Reflecting on my time at Sant Sri Asharamji Gurukul, I feel immense gratitude for the invaluable experiences and lessons I gained there. My journey at this incredible institution during my three years in the residential department from 8th to 10th grade, has been transformative in many ways.

It was not just a school but truly a gurukul in the purest sense.

Gurukul provided me with a strong foundation, not just academically but also morally. The emphasis on moral values helped me develop qualities like sympathy, companionship, and empathy, shaping me into a better individual. These lessons go beyond books—they are life principles that I will carry forward forever.

The teachers were more than just educators; they were guides, mentors, and even parental figures at times. Their care, kindness, and unwavering support created a nurturing environment that allowed me to thrive. I have fond memories of the love and encouragement I received, which reminded me of the care I get from my own family.

Moreover, gurukul ensured holistic growth for its students. Whether it was excelling in academics, exploring my creativity through art and craft, or developing skills in sports, the opportunities I received at the Gurukul were truly enriching.

In hindsight, my time at Sant Sri Asharamji Gurukul has been one of growth, learning, and transformation. I will always cherish the memories, values, and skills I gained during this journey. Thank you for everything.

## Mathematical Explorations : Where Discipline Meets Determination

To me, mathematics feels like a secret universe—full of patterns, mysteries, and tiny sparks of logic waiting to be discovered. Every time I solve a problem, it feels like unlocking a small door that leads to something bigger. But this universe doesn't open its doors to everyone. It only opens for those who carry two powerful keys: discipline and determination.

Discipline is the quiet companion that sits beside me when I practice the same concept again and again. It guides my hand when I draw neat diagrams, check each step carefully, or rewrite a solution until it finally makes sense. It reminds me that understanding grows slowly, just like a plant—watered each day with a little effort.

Determination, however, is the spark. It appears in the moment when a problem refuses to cooperate. When the numbers don't align, when the logic feels blurry, or when I feel like shutting the book—determination whispers, "Try once more." It keeps me searching for that one missing idea that suddenly makes everything clear.

When these two come together, maths becomes an adventure. Every question turns into a puzzle. Every error becomes a clue. And every answer feels like a victory I earned with patience and courage. Slowly, I start to enjoy the challenge more than the solution itself.

Mathematical exploration is not just about finding answers—it is about discovering the strength inside me. It teaches me that success grows from small habits, steady practice, and the refusal to give up. Whether in mathematics or in life, discipline builds the foundation, and determination lights the way.

And in this beautiful connection, I realize one thing:

Mathematics is not just a subject. It is a journey that shapes the way I think, work, and believe in myself.

**Ms. Bhawana Rajput**

## SHAPE YOUR FUTURE WITH MATHS

Maths walks into class each day, Smiling in its quirky way.  
Numbers dance and problems wink, "Solve me first... or wait and think!"

Fractions act like tiny stars, Decimals zoom like racing cars.  
Triangles pose with pride so tall, Circles roll around the hall!

Tables march in straight neat lines, Graphs draw mountains, curves, and signs.  
Maths may tease and twist our mind, But leaves a spark each time we find—

That every sum we learn to do, Makes us sharper, brave, and new.  
Maths is not a scary test, It's a friend that builds our best.

So come along and take its hand, Explore its funny, brilliant land.  
For in this world of signs and sums, Success arrives... when courage comes.

**Ms. Sandhya Patidar**  
**TGT - Maths**

**Gagan Chandore - Class 9th**

**Dev Gupta - Class 10th**

**Naitik Rathore - Class 10th**

**Varun Vensiyani - Class 12th**

**Vivek Kag - Class 9th**

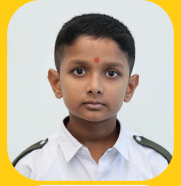

**1. Kartik Gadge – Class 4**

**Title: Mr. Discipline**

He always follows the rules and maintains a proper school uniform.

**2. Gopal Thakur – Class 4**

**Title: True Gurukulite**

**3. Rudra Prajapati – Class 7**

**Title: Mr. Punctuality**

He always maintains time and is committed to punctuality.

**4. Pawan Gohil - Class 8**
