

Sant Sri Asaramji Gurukul, Indore

MONTHLY MAGAZINE

JULY EDITION

Every new beginning opens the door to endless opportunities, fresh experiences, and greater achievements. As we step into the month of July, we celebrate not just the opening of a new academic session but the beginning of countless dreams, aspirations, and possibilities. This edition, "Opening New Horizons," reflects our commitment to learning, growth, and excellence.

It welcomes every student, teacher, and parent to embark on a journey filled with knowledge, creativity, values, and success. Let this new chapter inspire us to embrace challenges with confidence, discover our hidden potential, and work together to create a future that is brighter, stronger, and full of promise.

OPENING NEW HORIZON

PRINCIPAL DESK

Dear Students, Parents and Well-wishers,

July brings the refreshing spirit of the monsoon, reminding us that every new season brings fresh energy, hope and opportunities to grow.

“Opening New Horizons” is about having the courage to step beyond the familiar, explore new possibilities and turn challenges into opportunities.

At Sant Shri Asaramji Gurukul, we believe that true education goes beyond textbooks and classrooms. Through our 3S Philosophy — Shiksha, Sanskriti and Sanskar, we strive to nurture young minds with knowledge, values and a strong sense of purpose. Dear students, let every experience teach you, every challenge make you stronger and every dream inspire you to move forward. Embrace the unknown with confidence, for new journeys often lead to wonderful discoveries.

May this month inspire us to overcome limitations, explore new opportunities and create new milestones together.

With blessings and best wishes,

NATURE WALK

Class VI students participated in a Nature Walk to observe plants, trees, birds, and insects. The activity enhanced observation skills, environmental awareness, curiosity, and understanding of nature's importance, making learning enjoyable and meaningful.

YOGA COMPETITION

An Inter-Class Yoga Competition was organised at the Gurukul Campus with great enthusiasm. Students from different classes participated wholeheartedly and displayed excellent flexibility, balance, and confidence through their yoga performances. Their discipline and dedication made the event a great success.

The competition encouraged students to adopt a healthy lifestyle and highlighted the importance of yoga for physical and mental well-being.

INTER SCHOOL YOGA COMPETITION

On 30 June, an Inter-School Yoga Competition was held at Tirathbai. Our school was represented by Dhawal Solanki and Bhavya Dabas. They performed with confidence and discipline, showcasing their yoga skills. The event encouraged fitness, talent, and the true spirit of yoga.

GURU POONAM CELEBRATION

Students of Sant Shri Asaramji Gurukul celebrated Guru Purnima at the Ashram with devotion and respect. They participated in parikrama, path, and puja, seeking the blessings of Gurudev. The celebration inspired students to value the Guru-Shishya tradition and follow the path of knowledge, discipline, and righteousness.

SHOW & TELL COMP.

Today, a Show and Tell Competition was organized for the students of Classes III to V. The participants confidently presented a variety of objects and spoke about their significance with clarity and enthusiasm. Their presentations reflected creativity, knowledge, and excellent communication skills. The competition provided students with a wonderful opportunity to enhance their public speaking abilities, build self-confidence, and improve their presentation skills.

POSTER MAKING COMPETITION

To inspire creativity and strengthen students' connection with the values of our institution, a Poster Making Competition was organized Indore on the theme "Our Gurukul."

Students participated with great enthusiasm and created beautiful, colourful posters that reflected the ideals, culture, traditions, and unique environment of our Gurukul. Through their artistic expressions, they highlighted the importance of discipline, values, education, nature, and holistic development. Each poster showcased originality, imagination, and a deep understanding of the theme. The competition provided a wonderful platform for students to express their thoughts creatively while enhancing their artistic skills and appreciation for Gurukul values. The impressive efforts of all participants made the event both inspiring and memorable.

The following students were elected:

- The ceremony celebrated leadership, teamwork, and democratic values, inspiring students to contribute positively to the school.

Students enthusiastically created their own mini comic books, showcasing their imagination and creativity. They wrote unique stories with colourful illustrations, making the activity both enjoyable and educational. It helped enhance their creative writing, storytelling, and artistic skills.

19TH GURUKUL FOUNDATION DAY

Sant Shri Asaramji Gurukul celebrated its 19th Foundation Day with great enthusiasm and devotion in the month of July. The programme was graced by the renowned psychologist Mr. Lalit Jadoun as the Chief Guest. The celebration began with prayers and a warm welcome to the dignitaries. The Director, teachers, students, and parents gathered to commemorate the glorious journey of the Gurukul. The Chief Guest inspired everyone with his motivational words, emphasizing the importance of values, discipline, and holistic education.

GREEN DAY CELEBRATION

On 10th July, the students of Nursery to Class II enthusiastically celebrated Green Day with great joy and excitement. Dressed in beautiful shades of green, the children filled the school with energy and freshness. Classrooms were decorated with green-themed displays, creating a lively and eco-friendly atmosphere. Students participated in a variety of engaging activities such as leaf printing, colouring, craft work, and nature-based games. Teachers explained the importance of the colour green, emphasizing its connection with nature, trees, and a healthy environment. The celebration encouraged young learners to appreciate the beauty of nature and understand the need to protect our planet. The event was a delightful learning experience that combined fun with environmental awareness, leaving every child with cheerful memories and a deeper love for nature.

TEACHERS' CORNER

AI and Robotics – Shaping the Future

Artificial Intelligence (AI) and Robotics are transforming the world around us. AI enables machines to learn, analyze information, recognize patterns, and assist in decision-making, while Robotics focuses on designing and programming machines to perform useful tasks.

AI is more than just smart technology—it is a powerful tool that can turn data into ideas, questions into discoveries, and challenges into solutions.

For students, learning AI and Robotics develops creativity, logical thinking, problem-solving, coding skills, and innovation. These technologies are being used in healthcare, education, agriculture, industries, transportation, and space exploration. However, technology must always be used responsibly. Students should understand digital ethics, privacy, accuracy, and responsible AI use.

The future needs young minds who can not only use technology but also create meaningful solutions with it. ***Learn* . *Explore* . *Innovate* . *Create***

AI and Robotics are not just the future—they are the tools with which we can build a better future.

Ms. Jyoti Gurjar
TGT (CS & AI)

Why Choose Computer Science in Senior Secondary? Stepping into the Age of AI

Why should a student choose Computer Science in Class 11th and 12th? The answer lies right in front of us: Artificial Intelligence is no longer science fiction—AI is the present and the undeniable future.

We are living in an era where AI is redefining every single industry, from healthcare and finance to engineering and creative arts. In such a rapidly evolving world, traditional rote learning is simply not enough. Students need a skill that keeps them future-proof, and that skill is coding.

It builds resilience, when a program fails to run, a student learns to debug patiently and try again until they succeed.
